

Subject Index 2009

- Addison's disease in type 1 DM, 76
- Bariatric surgery
 Metabolic benefits, 136
 Remission of type 2 DM, 136
- Birth defects, infants of diabetic mothers, historical review, 169
- Caribbean
 Diabetes, epidemiology, etiology, complications, 94
- Case studies
 45-year-old woman with type 2 DM reports poor glycemic control and weight gain despite adherence to medication, physical activity, and dietary regimen, 181
 56-year-old man with poorly controlled type 2 DM complains of erectile dysfunction, 126
 84-year-old woman with type 2 DM, elevated A1C, and hypoglycemic episodes, as well as several comorbid conditions, presents for comprehensive management, 72
- Commentary
 Benefits of insulin pens versus syringes, 132
 Preparing for diabetes care, LTC environment, 84
- Detemir versus other basal insulins, cost and dosing, 87
- Diabetes and exercise
 Let's Get Moving (patient handout), 189
 Vamos a Movernos (patient handout, Spanish), 193
 My Weekly Exercise Plan (patient handout), 191
 Mi Plan Semanal de Ejercicios (patient handout, Spanish), 195
 Walking Works (patient handout), 192
 Caminar Funciona (patient handout, Spanish), 196
- Diabetes camp, achieving normoglycemic, pilot study, 158
- Diabetes in the Caribbean, epidemiology, etiology, complications, 94
- Diabetes management in hospitalized patients, perceptions of resident physicians, 106
- DPP-4 inhibitors, monotherapy and combination therapy in type 2 DM, 15
- Early and aggressive treatment, prediabetes and type 2 DM, primary care setting, 144
- Economic analyses, newer diabetes treatments, 32
- Editorials, 1, 83, 131
- Erectile dysfunction and diabetes, epidemiology, pathophysiology, and treatment, 114
- Erectile dysfunction in poorly controlled type 2 DM (case study), 126
- Exercise and diabetes
 Let's Get Moving (patient handout), 189
 Vamos a Movernos (patient handout, Spanish), 193
 My Weekly Exercise Plan (patient handout), 191
 Mi Plan Semanal de Ejercicios (patient handout, Spanish), 195
 Walking Works (patient handout), 192
 Caminar Funciona (patient handout, Spanish), 196
- Hospitalized patients
 Diabetes management, perceptions of resident physicians, 106
- Hyperglycemia, metabolic consequences, 2
- Hypertension
 High Blood Pressure and Diabetes (patient handout), 129
 La Presión Alta y la Diabetes (patient handout, Spanish), 130
- Incretin-based therapies, 183
- Infants of diabetic mothers, birth defects, historical review, 169
- Insulin pens versus syringes (commentary), 132
- Insulin resistance
 Metabolic consequences, 2
- Insulin therapy
 Benefits of early treatment, 68
 Detemir versus other basal insulins, cost and dosing, 87
 In hospitalized patients, perceptions of resident physicians, 106
 Pens versus syringes (commentary), 132
 Taking Insulin (patient handout), 79
 Cómo Usar la Insulina (patient handout, Spanish), 80
- Long-term care facilities, preparing for diabetes care (commentary), 84
- Metabolism
 Metabolic benefits, bariatric surgery, 136
 Metabolic consequences, hyperglycemia, 2
 Metabolic consequences, insulin resistance, 2
- Normoglycemia, achieving at diabetes camp, pilot study, 158
- Office-based care
 Early and aggressive treatment, prediabetes and type 2 DM, 144
- Patient education, global versus glycemic benefits in type 2 DM, 61
- Patient handouts
 High Blood Pressure and Diabetes, 129
 La Presión Alta y la Diabetes, 130
 Let's Get Moving—Diabetes and Exercise, 189
 Vamos a Movernos—la Diabetes y el Ejercicio, 193
 My Weekly Exercise Plan—Have Fun Being Active, 191
 Mi Plan Semanal de Ejercicios—Estar Activo es Divertido, 195
 Taking Insulin, 79
 Cómo Usar la Insulina, 80

- Walking Works—Every Step Counts, 192
 - Caminar Funciona—Cada Paso Cuenta, 196
- Pilot study, achieving normoglycemic at diabetes camp, 158
- Prediabetes
 - Early and aggressive treatment, primary care setting, 144
- Resident physicians
 - Diabetes management in hospitalized patients, perceptions, 106
- Type 1 DM
 - Achieving normoglycemic at diabetes camp, pilot study, 158
 - Addison's disease, 76
 - Erectile dysfunction, epidemiology, pathophysiology, and treatment, 114
 - In the Caribbean, epidemiology, etiology, complications, 94
 - Insulin pens versus syringes (commentary), 132
- Type 2 DM
 - Bariatric surgery and remission, 136
 - Benefits of early insulin treatment, 68
 - Comprehensive management (case study), 72
 - Diabetes care, LTC environment (commentary), 84
 - Early and aggressive treatment, primary care setting, 144
 - Economic analyses, newer treatments, 32
 - Erectile dysfunction (case study), 126
 - Erectile dysfunction, epidemiology, pathophysiology, and treatment, 114
 - In the Caribbean, epidemiology, etiology, complications, 94
 - Incretin-based therapies, 183
 - Insulin pens versus syringes (commentary), 132
 - Patient education, global versus glycemic benefits, 61
 - Treatment with DPP-4 inhibitors, 15
 - Uncontrolled despite treatment adherence (case study), 181
